

Invacare Colibri®

Feel the Freedom

Stylish, lightweight and transportable

Designed with Invacare Litelock™ technology

Yes, you can.®

Feel the difference

Our scooters have been designed together with healthcare experts, to provide unrivalled standards of quality, safety and comfort.

Through continuous dedicated research and an unrivalled experience in designing for mobility, at Invacare we pride ourselves in scooters that improve quality of life. Being able to regain confidence, trust and independence from your scooter is important.

From folding transportable designs, cushioned seat and adjustable seat risers, every detail of our scooters is considered and refined to make getting about feel great.

Quality

Market-leading build quality with exceptional attention to detail.

Safety

Compliant with the latest European Medical Device Standards.

Comfort

Adaptive and adjustable design to provide lasting comfort.

Feel in control with Invacare Colibri®

Introducing the Invacare Colibri®, our lightest and most transportable scooter. Designed to complement your style with a choice of colours and improve your independence.

Compact and easy to drive, this scooter has been designed with a patented Litelock™ system making it easy to transport into the back of your car. The swivel seat makes getting on and off your scooter simple.

The Colibri® is incredibly simple to start and steer. It has been designed to give you a comfortable and safe drive with the ability to manoeuvre in tight spaces.
