

Invacare® | **COMET PRO**

Power and performance in
a premium package

Whether you're popping to the local shops, taking longer trips into town, or looking to go further afield, the all new **Comet ^{Pro}** will take you the distance in comfort, safety and style.

Its powerful outdoor capabilities, combined with advanced safety features and options, ensures a speedy, powerful and reliable drive.

With its exceptional driving features and modern aesthetics, the **Comet ^{Pro}** offers power and performance in a premium package.

Premium performance and control

Thanks to its enhanced driving features and 2 x 75 Ah batteries, the **Comet ^{Pro}** allows you to enjoy longer and more challenging journeys beyond the city's limits. Its large 13" front and rear wheels, combined with the all new suspension system, allows the safe negotiation of kerbs and obstacles in a smooth and comfortable manner. Additionally, the automatic speed reduction will slow you down when driving around corners at high speed for additional stability and safety.

TÜV tested

The **Comet ^{Pro}** has been subject to independent German TÜV laboratory testing, giving you ultimate confidence and reassurance when driving. Advanced safety features, such as a two step disengaging lever and automatic speed reduction, offers additional peace of mind wherever you go.

Compact and modern design

Designed with both comfort and precision in mind, the **Comet ^{Pro}** offers exceptional manoeuvrability and control, even through tight and challenging spaces. Additionally, the new ergonomic steering ensures an optimal driving position, allowing for a more enjoyable and relaxing journey.

Features and options

Advanced suspension

All new suspension system for a smooth and comfortable drive over all terrains.

Easy drive direction stability

Keeps you in a straight line at high speeds for additional safety and stability.

Finite tiller movement

Easily adjustable tiller with stepless adjustments to enhance steering control. This coupled with the New head tube angle of 70 Degrees, help to give more responsive steering control.

Ergonomic steering

Our ergonomically designed steering system makes for easier, more responsive control.

Intuitive LCD Display

Easy to understand layout giving you complete confidence and control when driving.

Brake light

Clear and bright brake lighting warns people that the scooter is slowing down.

Disengaging lever

Two step disengaging lever prevents the scooter from accidentally free-wheeling.

Auto-speed reduction

Automatic speed reduction reduces speed around bends for additional safety.

Customise your scooter with shrouds and accessories

Choose from 10 shroud colours and over 25 accessories for customising your scooter to your individual style. To find out more, visit our dedicated scooter website at: www.invacarescooter.com.
